The Gembird Cablexpert CCP-USB3.1-CMCM-1M is a USB-C cable designed to deliver reliable performance for both charging and data synchronization. Constructed with a shielded design and enhanced features such as aluminum foil with braid shielding, it ensures durability and minimizes interference. The cable features a PVC jacket for added protection, and the connectors are plated with gold to enhance conductivity and prevent corrosion.

This USB-C cable is compatible with USB 2.0, USB 3.0, and USB 3.1 standards, making it a versatile choice for various devices. With a rated current of 3 A, it efficiently supports fast charging. The inclusion of strain relief and a drain wire further bolsters its resilience, ensuring it stands up to everyday use. Packaged conveniently in a poly bag, the Gembird Cablexpert is an essential accessory for anyone looking to enhance their connectivity experience.
