There is no hiding that USB type-C is currently the most commonly used connector in mobile devices.

It offers the convenience of two-sided connection to the corresponding port. Lanberg adapters are made of the best materials, which will ensure uninterrupted operation for many years.

The compact size of the adapters really helps and allows them to be used in places, where the space is limited.

USB-C(M) to HDMI(F) adapter allows you to connect the monitor via HDMI to a computer or compatible smartphone equipped with a USB type-C port.
