THE PROPER GAMEPAD

Genesis P58 is a modern controller compatible with both PCs and PlayStation 3 consoles. The device features vibration feedback, rubber surface, D-Input/X-input modes and analogue sticks and triggers. Everything you will need to make your virtual entertainment more enjoyable than ever before.

A FIRM GRIP

Have a full control! The P58 is entirely coated in rubber, which results in a very firm grip. The controller wouldn’t slip out of your hand even in most thrilling and dynamic moments.

PLUG & PLAY

Don’t waste time for boring configuration. The X-Input and D-Input functions will let you enjoy gaming on PC straight away out of the box. All you have to do is plug the gamepad, and almost immediately enjoy the game.

ANALOGUE STICKS AND TRIGGERS

The gamepad is equipped with 12 buttons and 2 analogue sticks. Everything properly designed to let you have a full control of the situations you are in. Performing very advanced and complicated combos will make you pleasure from now on.

VIBRATION FEEDBACK

Have you hit the post or bumped into the other car? The vibrations generated by the device will make you feel the game even better, letting you play your favourite titles with a genuine joy.
