

NATEC Mouse Euphonie PRO Wireless BT 5.0 4000dpi Silent programmable

Model: NMY-2291

Manufacturer: NATEC

EAN: 5901969446074

Product Code: 806633

R1,130

The Natec EUPHONIE PRO vertical mouse provides an ergonomic design, promoting a more natural hand posture while reducing strain during prolonged usage. With wireless connectivity options including 2.4 GHz and Bluetooth 5.0, it offers seamless integration with various devices. The device supports a maximum operating distance of 10 m, allowing for flexible use in different environments. Featuring a high-resolution movement detection technology of 2400 DPI and real-time sensitivity switching between settings of 1200, 1600, 2000, and 2400 DPI, this mouse caters to diverse user preferences. It is equipped with 9 buttons, including 5 programmable ones, enhancing productivity by enabling customizable functions. The OLED display and built-in battery add to the device's usability, while silent switches create a quieter work atmosphere. Furthermore, the mouse can connect to 2 devices simultaneously for efficient multitasking.
