

GEMBIRD Power supply unit 850W active PFC 12 cm fan 80+Bronze industrial

Model: CCC-PSUBRONZE-850W-10

Manufacturer: GEMBIRD

EAN: 8716309134071

Product Code: 806861

R1,716

The Gembird CCC-PSUBRONZE-850W-10 power supply delivers reliable performance for any PC setup. With a total output of 850 watts, this power supply unit is designed to meet the needs of high-performance components while ensuring energy efficiency. Featuring a variety of cable types, including an ATX power cable, an 8 pin PCI Express power cable, and a detachable 4 pin CPU power connector, installation is straightforward and customizable to specific configuration requirements. This power supply complies with ISO 9002, RoHS, and WEEE standards, ensuring it meets environmental and safety regulations. The model features protections such as overcurrent, overvoltage, overload, and short-circuit, alongside a temperature-controlled fan for optimal cooling. The active Power Factor Correction (PFC) contributes to the power supply's efficiency, achieving 85% efficiency at full load and earning an 80 PLUS Bronze certification. Optimized for system stability and longevity, this power supply is a solid choice for gamers and professionals alike.
