

FREEWELL Super Bright Sunny Day Filter Set for Mavic 4 Pro

Model: FW-M4P-SBRG

Manufacturer: FREEWELL

EAN: 4897143171331

Product Code: 807008

R2,510

Freewell filter set for DJI Mavic 4 Pro Super Bright Sunny Day

The Freewell DJI Mavic 4 Pro ND Filters 3 Pack - Super Bright Day is designed for filming and photography in extremely bright lighting conditions. It enables precise control of exposure, allowing you to maintain natural colors and proper smoothness of movement even in harsh sunlight. It gives every shot from a DJI Mavic 4 Pro drone a cinematic feel and perfect light balance.

Filters to suit the challenge

Three dual ND filters - ND128/ND64, ND256/ND128 and ND512/ND256 - are included to provide a wide range of light reduction depending on lighting conditions. Specifically designed for the dual focal lengths of the DJI Mavic 4 Pro drone, each filter offers fine-tuned exposure for different

apertures and focal lengths.

Crystal clear image quality

The Freewell filters are made of premium optical glass, which guarantees superior clarity and accurate color reproduction. Anti-reflective and hydrophobic coatings minimize glare and protect the surface from dust and scratches. As a result, the image remains sharp and realistic in all conditions.

Stability and lightweight

The design of the filters has been optimized for gimbal operation, which eliminates the risk of overloading and ensures full stability during flight. The lightweight, precision-fit frame does not affect the balance of the drone, guaranteeing smooth and stable recordings without vibration or distortion.

Included

- ND128/ND64 filter
- ND256/ND128 filter
- ND512/ND256 filter
- Protective case for the filters
- Microfiber cleaning cloth

Manufacturer	Freewell
Model	FW-M4P-SBRG
Compatibility	DJI Mavic 4 Pro
Filter type	ND (Neutral Density), Split ND set
Kit contents	ND128/ND64, ND256/ND128, ND512/ND256
Optical material	Premium optical glass with anti-reflective, hydrophobic, scratch-resistant coatings
