

Meross MSG200HK smart garage door switch (HomeKit)

Model: MSG200HK-EU(N)

Manufacturer: MEROSS

EAN: 6942349203237

Product Code: 807316

R1,812

Meross MSG200 smart garage door switch (HomeKit).

Get the ability to open and close your garage door remotely. The Meross MSG200 smart switch will allow you to do just that! The product works with Apple HomeKit, Amazon Alexa, Google Home and Samsung SmartThings, so you can add it to the ecosystem you use every day. The device allows you to control up to 3 garage doors at the same time (after purchasing additional sensors) and stands out for its wide compatibility.

Better signal, reliable operation

The Meross MSG200 switch is equipped with an external antenna, which receives the Wi-Fi signal better and ensures reliable operation – don't worry about delays or interference. You also don't have

to worry about the safety of your children or pets. When the garage door is about to close, the switch will beep so that everyone has time to move away. A high-sensitivity built-in sensor is also responsible for the reliable operation of the product.

Wide compatibility, easy installation

Don't be afraid of compatibility problems. The switch works perfectly with about 1600 models of garage doors from more than 200 brands. It will work well with both older and newer units. Its installation will also not cause you any trouble - just follow a few simple steps.

Convenient operation

Turn your ordinary garage door into a smart door. The Meross MSG200 switch will allow you to open and close it remotely - just a few clicks on your phone! The device is compatible with Apple HomeKit, Google Assistant, Amazon Alexa and Samsung SmartThings. So you can manage it from the platform you use most often - no need to switch between apps. Not sure if you closed the garage door before leaving for work? Now you can do it with your smartphone!
