

Gens ace G-Tech 8500mAh 14.8V 60C 4S1P Lipo Battery Pack PC Material Case with XT90 plug

Model: GEA854S60X9GT

Manufacturer: GENS ACE

EAN: 6928493309353

Product Code: 807619

R2,808

Gens ace G-Tech 8500mAh 14.8V 60C 4S1P Lipo PC Material Case battery with XT90 plug

The Gens Ace G-Tech with PC material case and XT90 connector provides the powerful performance needed to power RC cars. With a large capacity of 8500mAh and a voltage of 14.8V, it provides long runtime and dynamic acceleration, which is crucial on RC tracks. The 60C discharge ratio offers enough power for fast acceleration, which is especially important in racing. The battery weighs 691 g and has compact dimensions of 164 x 48 x 42 mm, making it suitable for installation in popular RC models such as the Traxxas Xmaxx, Sledge, and Arrma Karton8S. An added bonus is the XT90 connector, which offers a solid and secure connection.
