ISEASY MGBG-775 5-burner gas hob (white)

The IsEasy MGBG-775 gas hob is the perfect choice for any kitchen – it combines an elegant glass panel, built-in installation option, and high functionality. Equipped with five burners of varying power (1x 1 kW, 2x 1.75 kW, 1x 2.7 kW, 1x 3.3 kW), it allows you to prepare multiple dishes at the same time, making cooking faster and more convenient. It is also compatible with different types of gas – both NG and LPG.

Five cooking zones for maximum convenience

The MGBG-775 model offers five burners with power ratings of 1x 1 kW, 2x 1.75 kW, 1x 2.7 kW, and 1x 3.3 kW. This variety allows you to adjust the cooking temperature to the type of food, which increases efficiency in the kitchen. This allows you to quickly and efficiently prepare, for example, an

aromatic soup, a delicate sauce, juicy cutlets, or crispy fries!

Refined in every detail

The practical knobs on the hob allow you to easily and precisely adjust the flame power to your needs. Their solid construction ensures durability and comfort of use, and clear markings facilitate operation. The MGBG-775 model also has sturdy grates that can stably hold even heavy pots and pans.

Compatible with natural gas and LPG

The IsEasy MGBG-775 hob is designed for both natural gas (NG) and liquefied petroleum gas (LPG). Thanks to special nozzles, you can easily adapt the appliance to your gas installation and enjoy trouble-free cooking in almost any situation.

Easy to keep clean

The glass panel of the hob not only adds elegance, but also makes it easy to clean. To remove dirt from its surface and restore its pristine appearance, simply wipe it with a damp cloth! This design saves time and ensures convenience of use.

Small dimensions for built-in installation

Its compact dimensions (77 x 51 x 11 cm) make the hob perfect even for small kitchens. In addition, its thoughtful design allows for easy installation in recesses measuring 73 x 48 cm. This saves valuable space!
