Manufacturer: HOTWAV

EAN: 6971593178862

Product Code: 807822

R5,950

HOTWAV TAB R10 Pro tablet (orange)

The HOTWAV TAB R10 Pro is a tablet designed for work and everyday use in a variety of conditions. It offers smooth performance thanks to a powerful processor, plenty of RAM, and expandable internal storage. The rugged design protects the device from water, dust, and mechanical damage, while the high-capacity battery ensures long operating time and allows you to charge other devices. The whole thing is complemented by a clear screen, functional cameras, full 4G LTE connectivity, precise satellite navigation, and fast and secure face unlocking.

Power and memory that make everyday life easier

The tablet is equipped with an octa-core Unisoc T606 processor, which ensures smooth operation of the system, applications, and multimedia, whether you are working or enjoying entertainment. The device offers 8 GB of RAM, which can be virtually expanded by an additional 12 GB. You also have 256 GB of internal memory at your disposal, which can easily accommodate applications,

documents, photos, and videos. In addition, the tablet supports microSD cards with a capacity of up to 1 TB, giving you tremendous freedom in data storage.

Smooth operation thanks to Android 14

The HOTWAV TAB R10 Pro runs on Android 14, offering access to current system features, better performance optimization, and up-to-date security. This guarantees smooth operation and broad compatibility with apps and programs.

Built for extreme conditions

The tablet features an armored design, engineered to work in harsh environments. IP68 and IP69K certifications confirm full resistance to water, dust, and high-pressure and high-temperature water jets. AOI and SMT assembly further seal the case and increase the tablet's reliability during use. The device also complies with the MIL-STD-810H standard, which means high resistance to shocks and drops from heights of up to 1.2 meters. This makes the R10 Pro ideal for use in the field, on construction sites, in workshops, and during outdoor activities.

Power that never fails

The 10,800 mAh battery allows for long hours of operation without frequent charging. In standby mode, the tablet can operate for up to 700 hours, making it the perfect companion for travel and field work. The OTG reverse charging function allows you to use the HOTWAV TAB R10 Pro as a power bank. This allows you to power your smartphone, headphones, or other devices when you need it most.

Large screen for work and entertainment

The 10.1-inch display with HD+ resolution and 16:10 aspect ratio provides a comfortable environment for working, watching movies, and browsing content. The large screen area makes it easy to read documents and use apps. What's more, the face recognition feature allows you to quickly and securely unlock your tablet, increasing the comfort of everyday use without having to enter a password.

A camera ready for more

The 13 MP rear camera with PureCel® sensor offers DSLR-like image quality, allowing you to take clear photos in a variety of conditions. The 5 MP front camera from Samsung is ideal for video calls, online meetings, and selfies, providing good image quality and natural colors. It's a practical solution for documenting your work and everyday moments.

Always online, wherever you are

The tablet supports global 4G LTE networks and offers a dual SIM card slot, allowing you to conveniently separate your private and business numbers in one device. Dual-band 2.4 and 5 GHz Wi-Fi and Bluetooth 5.1 guarantee stable and fast connections to the Internet and other devices. The HOTWAV TAB R10 Pro also uses Beidou, Galileo, Glonass, and GPS systems, ensuring accurate positioning both in and outside the city.

Included in the box

- tablet
- 2A data cable
- OTG cable
- 5V2A charger
- user manual

Manufacturer	Hotwav
Model	R10 Pro
Color	Orange
Dimensions	252.5 x 168.5 x 15.5 mm.
Weight	Approximately 880 g
Case material	Plastic
SIM cards	Two Nano SIM / one Nano SIM + one Micro SD

Chipset (Processor)	T606
CPU (Number of cores/Frequency)	2*A75 1.6G + 6*A55 1.6G.
GPU	G57 1Core@650MHz
Operating System	Android 14.0.
Processor Architecture	ARM
Processor Technology	12nm
Video Encoding/Decoding	1080p @ 60fps
RAM/ROM	8 GB RAM + 256 GB ROM
Expandable Memory (virtual RAM)	Up to 12 GB
T-flash card memory type	UMCP 1T
2G network	B2/B3/B5/B8
3G network	B1/B2/B4/B5/B8
4G network	B38/B40/B41/B1/B2/B3/B4/B5/B7/B8/B12/B17/B18/B19/B20/B25/B26/B28A/B28B/B66
Display size	10.1"
Display type	INCELL
Display resolution	800(RGB)×1280
Pixel density	149 PPI
Screen brightness	450 nits (typical), 400 nits (minimum)
Screen aspect ratio	16:10
Contrast	1500
Touch panel type	INCELL panda

Main camera (rear)	Sensor: OV13853, pixels: 13MP, optical size: 1/3.06 inch, aperture: 2.2, wide angle: 81°, LED flash
Front camera	Sensor: S5K5E2, pixels: 5MP, sensor size: 1.12um, aperture: 2.2
Optical image stabilization	No
Video recording	Support for 720p@30fps video recording
Battery capacity	10800 mAh
Charging frequency	5V2A
Battery material	Polymer
Voltage	4.4V
Fast charging	No
Standby time	700 hours
Talk time	200 hours
Music playback time	400 hours
Features and connectivity	Face unlock (Face ID)
GPS	Beidou, Galileo, Glonass, GPS
Wi-Fi/WLAN/Hotspot	2.4+5G
Bluetooth	5.1
OTG	Supported
Sensors	G-sensor (gravity sensor), compass (magnetic)
System update	FOTA support (OTA)
