Tomtoc Navigator-T24 7L / 14" Frame Bag (Black)

The Tomtoc Navigator-T24 is a comfortable single-shoulder backpack featuring a laptop compartment reinforced with CornerArmor technology, which strengthens the edges and corners to provide the most effective protection against shocks. The zippers sewn into the bag are from YKK, a company renowned for its quality. The exterior zipper has a water-resistant coating. The bag is made from recycled fabric.

Interior

Inside, on the back side, there is a laptop compartment secured with a Velcro strap, which can hold, for example, a 14-inch MacBook Pro. Below that is a tablet compartment that can hold an 11-inch iPad Pro, as well as a pen pocket. Another pocket also features a smaller compartment for items

such as an Apple Pencil or a regular pen. Opposite this is a zippered pocket and a bottle pocket. On the outside, hidden in the lower back pad, is a zippered pocket that’s perfect for storing documents, a phone, or a wallet. There’s also a zippered pocket on the front—it opens from the side so you can easily access it without having to take off the backpack. Inside, there’s a sewn-in strap with a carabiner where you can clip a key or an AirTag.

Thoughtful Design

The backpack features numerous pockets, including one hidden in the back pad. Thanks to the carabiner and hook located on both sides of the backpack, you can wear it on either shoulder. A durable buckle on the front allows you to comfortably unfasten the backpack at any time.

Package Contents

Backpack
