Tomtoc Aviator-T37 Travel Bag with X-Pac Shoulder Strap (Black)

The Tomtoc Aviator-T37 bag is made of VX21 X-Pac® fabric, known for its durability, lightness, and complete waterproofing. This solution works even in extreme conditions, protecting your belongings from rain, splashes, and dust. Additional support is provided by a waterproof YKK zipper, which also secures the contents from the top.

A well-designed interior for every trip

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The bag offers great organization thanks to numerous compartments and pockets. Inside, you can fit your phone, power bank, chargers, headphones, cards, cash, and even your passport—everything has its place. The built-in organizer includes RFID pockets to protect your data, and a separate key pocket with a lanyard helps you avoid clutter. The front and rear pockets allow quick access to your essentials.

Safety and comfort

The bag is equipped with lockable zippers (compatible with 3 mm cable locks), which increases the level of protection in crowded places. The strap, which is 89 to 170 cm long, allows you to carry it comfortably on your shoulder or across your body, regardless of your height. The whole thing weighs only 220 g, so it won't weigh you down during an active day.
