Ultimea Apollo P40 Projector

The Ultimea Apollo P40 is a projector that takes home entertainment to the next level, offering a 150" image in UHD 1080P quality with 4K and HDR10 decoding support. High brightness, increased light output, and brightness uniformity ensure a clear and consistent image, while smart features such as autofocus and automatic keystone correction guarantee quick and hassle-free projection. Stable WiFi 6 and bidirectional Bluetooth 5.0 ensure smooth connections without delays, while fully sealed optics and a high-performance lamp allow the Apollo P40 to maintain high image quality for a long time, offering a durable and comfortable solution for everyday viewing.

Clear and sharp image without manual settings

The 150-inch image completely transforms the way you watch movies, TV shows, and sporting events, giving you an uncompromising cinema experience. Advanced intelligent screen technology automatically ensures projection quality. Autofocus and automatic keystone correction ensure that the image is always clear, stable, and ready to watch without time-consuming adjustments. This

convenience translates into everyday comfort.

Brightness that makes a difference

The Apollo P40 redefines brightness in its class. The projector offers 50% more light output, 700 ANSI lumens, and 80% brightness uniformity, ensuring that the image remains clear and consistent across the entire projection surface. UHD 1080P LCD resolution combined with 4K and HDR10 decoding support guarantees a detailed, high-contrast image full of detail.

Stable connection without delays

The projector is equipped with WiFi 6 (5.8 GHz), ensuring an ultra-fast and stable connection without jamming or freezing. Low latency makes the Apollo P40 work perfectly with iOS, Android, and Windows devices, offering smooth content streaming. Two-way Bluetooth 5.0 guarantees a fast, stable, and reliable connection to compatible devices. This technology is designed for smooth signal transmission and maximum user convenience.

Closed design for long-lasting quality

With fully sealed optics technology and a projection engine that is up to 99.9% dust-resistant, the Apollo P40 maintains high image clarity even after long periods of use. This solution has a real impact on the durability and consistent quality of the projection. The lamp used has a lifespan of over 10 years, making the Utimea Apollo P40 a long-term solution. This equipment is designed for intensive, everyday use without worrying about rapid wear and tear.

Included

- projector
- remote control
- AV cable
- HD cable
- power cable
- user manual

Manufacturer	Utimea
Model	Apollo P40
Color	Gray
Wireless connection	WiFi 2.4 GHz / 5 GHz; Bluetooth 5.0
Native resolution	1920 x 1080p
Speaker drivers	5 W x 2
Projection ratio	1.4:1
Aspect ratio	16:9 / 4:3
Recommended screen size	80-120 inches
Power consumption	90 W
Input voltage	100-240 V AC, 50-60 Hz, 2.5 A
Compatible operating systems	iOS, Android, Windows
Image diagonal	150"
Decoding	4K, HDR 10
Brightness	700 ANSI lumens
