The Silicon Power Marvel Xtreme DS72 USB flash drive combines high performance with durable design. With a storage capacity of 1 TB, it allows for ample space to store important files, photos, and videos, making it perfect for users who need reliable storage on the go. Designed for efficiency, the flash drive features USB 3.1 Gen 2 and USB-C 3.2 Gen 2 interfaces, delivering read rates of 1050 MB/s and write rates of 850 MB/s. The robust aluminum and rubber body ensure durability, while the flip-cap design provides convenience and protection for the USB connector. Plug and Play functionality allows for easy use with various devices without the need for additional software.
