

Petlibro Granary food dispenser with double bowl, Wifi, 5L(white)

Model: PL-AF103-36W

Manufacturer: PETLIBRO

EAN: 754932367952

Product Code: 809180

R3,093

Petlibro Granary food dispenser with double bowl, Wifi, 5L (white).

Looking for a way to conveniently feed your pets? The Petlibro Granary food dispenser with double bowl was designed with the caretakers of two pets in mind. With a 5-liter capacity and the ability to be managed remotely via a Wi-Fi app (2.4 GHz and 5 GHz), you gain full control over your pet's meal schedule - even when you're away from home. The device offers the ability to enable or cancel feeding schedules with a single click, as well as individual voice messages to accompany meals. With low-battery and low-feed notifications in the dispenser, as well as the ability to dispense treats on demand, you are assured that your pets are always well taken care of.

The perfect solution for two pets

Petlibro Granary was created for homes with two pets. Thanks to its adjustable divider and unique rotor design, the device distributes food evenly to both bowls (with only 3% confusion). The wide outlet and anti-jamming design with silicone impeller and intelligent infrared sensor effectively prevent food from getting stuck. What's more, the built-in algorithm detects blockages and immediately informs the application. Even in the event of a power failure - using the adapter and batteries at the same time - the dispenser continues to feed food on schedule. Batteries are sold separately.

Safe, hygienic and resistant to daily challenges

Your pet's safety and comfort is a priority. The 304 stainless steel bowl prevents grease buildup and chin acne, and the leak-proof design with silicone gasket, swivel-lock lid and moisture absorber keeps food fresh. Thoughtful design makes it easy to clean and ensures safety - the bowl and dispensing elements are easy to remove, the nylon cable resists chewing, and silicone pads stabilize the unit. It handles dry food in sizes 2-15 mm, making it versatile and reliable.

Daily care in a modern form

With Petlibro Granary, you not only ensure that your pets get the right amount of food, but also keep in touch with them - even when you're away. A personalized voice recording will ring out with every meal, giving your pets a sense of closeness. Track feeding history in the app, receive confirmations of successful feedings, and enjoy peace of mind knowing that everything is working as it should. Petlibro is more than a dispenser - it's a daily dose of care and love.

Included

- food dispenser
- double bowl with tray
- power supply
- power cord
- bag with desiccant
- instruction manual
