The Dell Pro 24 Conferencing Monitor (E2426HB) is designed for modern hybrid work and video conferencing. Its integrated 5 MP webcam, dual noise-cancelling microphones and built-in speakers enable high-quality virtual meetings without the need for additional peripherals. Windows Hello support and a mechanical camera shutter enhance both security and convenience.

The 23.8-inch Full HD IPS panel delivers wide viewing angles, natural colors and consistent image quality. The 120 Hz refresh rate provides smoother motion and reduced flicker, while TÜV Rheinland

3-Star Eye Comfort certification and a hardware-based Low Blue Light solution help reduce eye strain during long workdays.

The monitor also serves as an efficient productivity hub. DisplayPort Out enables daisy-chaining multiple displays, while four USB-A ports make it easy to connect peripherals. Comprehensive ergonomic adjustments, ultra-thin bezels and VESA compatibility allow flexible deployment in a variety of office environments.
