of 4.55 GHz and 16 GB of LPDDR5X RAM, facilitating multitasking and performance for demanding applications. The 512 GB SSD storage provides ample space for files while ensuring fast boot times and quick access to applications. Equipped with high-definition audio support and Dolby Audio, it enhances the listening experience whether playing music or watching movies. The dual array microphone and 1080p webcam with privacy shutter ensure clear video and audio for video conferencing. The additional features such as a multi-touch precision touchpad and backlit keyboard cater to users who prioritize both functionality and comfort. With a durable aluminum case and MIL-STD-810H testing, this laptop stands firm against everyday wear and tear, making it a reliable companion for users on the go.
