Intelligent Sonoff NSPanel Wall Switch (White)

The Intelligent Sonoff NSPanel Wall Switch is a modern solution that provides convenience and flexibility in managing household electrical devices. Equipped with an intuitive touch panel, compatibility with Android and iOS systems, and voice control capability, NSPanel is the perfect solution for those who value modernity and convenience. The elegant white color, compact dimensions, and high-quality materials such as tempered glass ensure both aesthetics and durability.

Versatile Control

NSPanel offers users various ways to control household devices: through touch, voice, or a mobile application. This flexibility allows for customization of the control method to individual needs and

preferences. As a result, whether you are at home or away, you always have full control over your environment.

Intelligent Integration with the App

Thanks to its compatibility with Android and iOS systems, NSPanel allows for easy device management via a smartphone. The mobile app's widget feature enables quick switching on and off, setting schedules, and sharing control of devices with family members. This solution not only simplifies daily tasks but also enables more efficient energy management in the home.

High Quality and Design

NSPanel stands out from competitive products due to its robust construction and aesthetic design. Materials such as PC V0, CRS, and tempered glass ensure durability and resistance to damage. Additionally, its compact dimensions (86 x 86 x 41.7mm) and elegant white color allow for easy integration of the switch into any interior.

Package Contents

- Switch x 1
- Instruction manual x 1
- Screw x 2
