

Projector Blitzwolf, BW- V8, 4K, Android OS

Model: BW-V8

Manufacturer: BLITZWOLF

EAN: 5906168435416

Product Code: 809802

R4,017

Blitzwolf projector / projector, BW-V8, 4K, Android OS

Feel like a movie theater in your own living room or even in the garden. The Blitzwolf BW-V8 projector supports decoding up to 4K and stands out with a brightness of 9800 lm, and offers 12000:1 contrast ratio, 50-100% zoom and 4D keystone correction. It is compatible with multiple devices and supports 2.4G + 5G connectivity. It also has Android 11 installed, making it convenient for watching movies and series online.

Impressive performance

The projector is equipped with a high-end ARM Mali-G31 MP2-GPU, which provides a perfect balance between performance and energy efficiency. As a result, the device supports 1080p display and 4K decoding. It can also effectively reduce noise and improve image quality.

Android 11.0

This smart projector has Android 11.0 and the Google Play store installed, allowing you to conveniently install selected apps and use the Internet. Now you can easily watch a TV series on your favorite streaming platform, have a movie night or see a soccer match on the big screen!

Tailored to your needs

Create your own cinema room. The projector allows you to adjust the size of the projected image from 50-200 inches, and its projection distance can be from 1.5 m to 4.8 m. Also noteworthy is the NTSC 95% color coding system, which provides excellent contrast and vivid, saturated colors.

Reliable connection

Don't be afraid of connection problems. The projector supports 2.4G + 5G Wi-Fi technology for fast and stable wireless transmission. Forget about stuttering, interference and lag - the BW-V8 will let you enjoy a smooth, unforgettable experience.

Thoughtful design

The projector weighs only 1.24 kg, and its dimensions are 215 x 170 x 86 mm. This means you can easily use it even in a limited space and move it from place to place. Take it to the garden or on vacation and enjoy your own portable cinema wherever you go! You also have several useful ports at your disposal, such as HDMI, USB-A, AUX and TF card slot. So you can easily connect a USB drive, game console, TV Box, headphones and more to the projector.

Delightful sound

A detail-saturated picture is not enough - to fully enjoy a movie screening, you also need high-quality sound. The Blitzwolf projector will help you with this! The BW-V8 has built-in HiFi speakers, plus it supports Bluetooth connectivity, which allows you to pair it with other audio devices. Immerse yourself in the world of your favorite movie and experience unforgettable emotions!
