

Softbox Neewer 65 cm

Model: 10101630

Manufacturer: NEEWER

EAN: 6976831830977

Product Code: 809897

R2,731

Neewer softbox 65 cm

The Neewer softbox provides exceptionally even and soft light that perfectly illuminates your subject from all sides. Compared to a standard square softbox, it offers much wider coverage and a more natural lighting effect - perfect for portraits, product shoots or videos. Thanks to its sturdy oxford fabric and aluminum alloy construction, the softbox is durable yet lightweight. It also comes with a carrying bag for easy transport.

Quick installation and ease of use

Thanks to the quick unfolding mechanism, the Neewer softbox can be opened and closed in no time. Just lift the bars to unfold the canopy, and after the session - press the locks and fold the structure in one motion. This solution is ideal for photographers and filmmakers who frequently change sets.

Double diffusion - perfectly soft light

The softbox is equipped with two white Velcro-mounted diffusers that effectively diffuse light and eliminate harsh shadows. You can use one or two layers depending on the desired effect - from a light illumination to a soft, studio soft glow.

Directional control with honeycomb grid

The included Honeycomb Grid aperture allows you to precisely direct the light stream, limiting its scattering. With its help, you can emphasize facial contours or bring out your model's silhouette without illuminating the background.

Universal Bowens mount

The Neewer softbox uses the popular Bowens mounting system, making it compatible with many Neewer studio lights, such as the CB60 RGB, S101-400W PRO, Vision 4, Vision 5, CB60, CB100 and CB150.

Includes:

- Neewer softbox (65 cm)
- Honeycomb Grid type aperture
- Internal diffuser
- External diffuser
- Carrying bag
