

LG 49U950A-W computer monitor 124.5 cm (49") 5120 x 1440 pixels Dual QHD LED Black, White

Model: 49U950A-W

Manufacturer: LG

EAN: 8806096532683

Product Code: 811691

R23,320

UltraWide Dual QHD (5120x1440)

Bigger. Sharper. Wider.

Experience the power of two QHD displays seamlessly combined into one 49-inch screen. The 49-inch UltraWide 32:9 Dual QHD (5120x1440) monitor offers the screen space of two 27-inch 16:9 QHD displays in a single, expansive view. With approximately 70% more pixels than a 32:9 Full HD resolution (3840x1080), it delivers superior clarity and detail.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Premium picture quality

Precision in every pixel, brilliance from every angle.

Enjoy pro-grade color accuracy and consistent clarity across a wide viewing range.

Premium picture quality

Precision in every pixel, brilliance from every angle.

Enjoy pro-grade color accuracy and consistent clarity across a wide viewing range.

DCI-P3 98%

With 98% coverage of the DCI-P3 spectrum, it is a great solution for accurate color display.

VESA Display HDR 400

HDR400 (high dynamic range) supports specific levels of color and brightness.

Color calibrated

Ensures precise and consistent color reproduction.

USB Type-C with 90W Power Delivery

All-in-one USB-C connectivity

The USB Type-C port enables display, data transfer, and laptop charging—all through a single cable.

With up to 90W power delivery, it can charge a connected laptop while powering the monitor.

Stereo Speakers with Rich Bass

Immersive audio without extra speakers

The monitor features built-in 10W × 2 stereo speakers, delivering immersive audio for movies, music, and other multimedia content, and also supporting clear voice communication for video and

conference calls without the need for external speakers.

49 inch with 144 refresh rate

Go wider. Play faster.
The expansive 49-inch display with DQHD (5120×1440) resolution offers an ultra-wide field of view, ideal for immersive gaming. Nano IPS technology and up to 144Hz refresh rate deliver vibrant colors and smooth motion in every moment of play.

Speedy screen, smooth gameplay

Enjoy smooth and stable gameplay with a 144Hz refresh rate, NVIDIA G-SYNC® compatibility, AMD FreeSync, and various in-game support features.

Dual Controller (KVM Switch)

Control multiple devices with a single monitor

Work seamlessly across two PCs with one monitor, keyboard, and mouse—just drag and drop files using the Dual Controller.

1ms MBR

Clear motion with 1ms MBR

1ms MBR reduces motion blur and ghosting, delivering smoother gameplay and clearer visuals in fast-paced scenes.

Adaptive brightness

Automatically adjusts the screen brightness based on ambient light using a built-in sensor, which can help reduce eye strain and improve eye comfort.

Live color low blue light
