

Solar lamp Superfire FF5-E, 897W, 2000lm, 20000mAh

Model: FF5-E

Manufacturer: SUPERFIRE

EAN: 6956362995727

Product Code: 811717

R2,879

Superfire solar lamp

The Superfire lamp uses the sun's rays for power, and you can control it with the included remote control. You will successfully use it as a street, industrial or commercial lighting. It is made of damage-resistant materials and advanced PWM power technology, so it can operate in low temperature environments.

Smart solutions

The lamp will turn on spontaneously after dark, thus ensuring the safety of passersby, and then turn off after dawn. Choose solutions that do not require your intervention. Let yourself be helped!

Ecologically

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The device uses polysilicon solar panels that save energy consumption and protect the environment. FF5-E will also allow you to save on electricity bills.

Remote control included

An infrared remote control is included, which allows you to adjust the device's operating time for 3/5/8 hours. After the set time, the FF5-E will automatically turn off, saving energy.

Performance

The device is equipped with a 6V rechargeable battery that charges the lamp at night. It is distinguished by its high capacity, stable performance and long operating time. It is also equipped with an LED chip, which increases the performance and durability of the lamp.

Water resistant

The product is IP65 water and dust resistant, so it is not intimidated by bad weather conditions. The high-quality tempered glass is distinguished by its high hardness and excellent light transmission. As a result, the light it casts is bright and natural.

Included

- lamp
- remote control
- lamp holder
- solar panel holder
- screws
- instruction manual

Manufacturer	Superfire
Model	FF5-E
Power	897W

Number of lumens	2000 lm
Illumination range	200 m²
Water resistance	IP65
Battery capacity	20000 mAh
Lamp dimensions	494 x 215 x 55 mm
Solar panel dimensions	600 x 350 x 18 mm
Material	ABS + Tempered glass
Weight	5.1 kg
Color temperature	8000K
Operating time	approx. 12h
Charging time	approx. 4h
