IEEE 802.11ax

MR80X

Model: MR80X

Manufacturer: MERCUSYS

EAN: 6957939000646

Product Code: 820138

R1,866

Faster Speeds. Broader Access. Higher Capacity.

A New Era of Home WiFi

AX3000 Dual-Band Wi-Fi 6 Router

Gigabit WiFi Connectivity, Always Up-to-Date

Doubling the bandwidth with 160 MHz channels,¹ MR80X unlocks the limits of the previous channel width and provides next-level speeds for your devices. With WiFi 6 speeds up to 3 Gbps,² finish large-file downloads in minutes and experience stunning 4K streaming without lag.

Connect 4× More Devices, All Simultaneously

Streaming or gaming on multiple devices brings more fun without dragging down performance. MR80X supports OFDMA and MU-MIMO¹ to power up your WiFi by allowing multiple clients to transmit at the same time. This delivers 4× greater network capacity and efficiency in traffic-dense environments.

Reduce the Interference from Your Neighbors' WiFi

Interference from nearby wireless networks may cause issues with your signal, especially when you live in an apartment or close to your neighbors. MR80X supports BSS Coloring to mark the data frames from different APs. This helps minimize the signal interference from your neighbors to improve transmission efficiency.

Eco-Friendly Power Saving

Target Wake Time reduces power consumption for your mobile and IoT devices during data transmissions to extend your devices' battery life.

More Targeted Signals that Penetrate Walls

Four external high-gain antennas armed with integrated signal amplifiers provide strong WiFi signals that reach farther. Beamforming detects your connected devices and concentrates wireless signal strength towards them, making your connections more stable.

The Latest WPA3 Protects Your Personal Network

The latest security standard, WPA3, offers improved comprehensive WiFi protection to defend your devices and private information against brute-force attacks⁴.

Protect Against Brute-Force Attacks

Delivers robust protection even when you are using a weak password

Advanced Forward Secrecy

Prevents data from being snooped even if a cracker compromises a session's secret keys

Unbreakable 128-Bit Encryption

Creates an active defense against security threats and intruders

Smart Connect

Assigns Devices to the Best Band Automatically

Smart Connect allows each of MR80X's wireless bands to use the same wireless settings. MR80X balances network demand and assigns your devices to the band with the best signal and speed. This keeps your devices always running optimally when you walk around your home.

Powerful Qualcomm Chipset Minimizes Buffering and Lag

Powered by a highly integrated Qualcomm WiFi 6 chipset that combines a 64-bit dual-core CPU and an advanced 12-thread programmable network processor, MR80X enables stable connections for up to 256 devices.⁵ Your network can now handle massive data throughput, allowing numerous bandwidth-intensive tasks to run smoothly at the same time.

- **OPTIMAL WIFI 6 SPEEDS** – Optimal WiFi 6 speeds reaching up to 3 Gbps for faster browsing, streamings, and downloading, all at the same time
- **MORE DEVICES, MORE FUN** – Supports MU-MIMO and OFDMA to reduce congestion and quadruple the average throughput
- **WiFi THAT GOES FARTHER** – 4x multi-directional high-gain antennas with Beamforming boost stable connections throughout your home for strong WiFi signals in every corner
- **OVERALL SECURITY PROTECTION** – The latest WPA3 provides improved WiFi security
- **GIGABIT WIRED CONNECTIONS** – Make full use of your internet access and transfer data at dizzying speeds for peak performance
- **ECO-FRIENDLY POWER SAVING** – Target Wake Time (TWT) reduces power consumption for your mobile and IoT devices during data transmissions
- **LESS WIFI INTERFERENCE** – Minimizes the interference from neighboring signals to improve transmission efficiency with BSS coloring
- **SMART CONNECT** – Intelligently chooses the best available band for each device

Summary: Mercusys AX3000 Dual-Band Wi-Fi 6 Router. WAN connection type: RJ-45. Wi-Fi band:

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
