

Zalman ZM-AF120 ARGB Computer case Fan 12 cm Black 1 pc(s)

Model: ZM-AF120 ARGB BLACK

Manufacturer: ZALMAN

EAN: 8809213764165

Product Code: 834985

R752

Powerful 120mm Annular Fan

Zalman AF120 annular fan is designed to prevent vortex and backflow at the end of the wings, which can improve efficiency and stability by suppressing vibration.

1. The blade vibration is minimized by preventing the trembling of the blades during fan operation and the durability is enhanced.
2. Wind noise is minimized by suppressing the vortex phenomenon that occurs on the blades.
3. Airflow is maximized by minimizing the amount of air flow lost to the outer circumference of the rotor.

Zalman AF120 Shark Fin Blades

Unlike regular cooling fan, specially designed Zalman AF120 Annular FAN with Shark fin blade

provides minimum resistance to airflow allowing minimum operation noise. Hydro Bearing, like ball bearing, does not come into contact with metal and lubricant layer replaces bearing. It causes low noise, low heat and shock-resistance that is extremely durable and long-lasting.

Vibrant ARGB Lighting Effect

Stunning and bright ARGB colors shine through the AF120 presenting your build in the most beautiful light possible.

Pre-installed Anti-vibration rubber pads

AF120 housing is made of a rugged material. It has excellent durability and anti-vibration rubber pads for minimizing the vibration generated during fan operation.

Optimized PWM control

PWM controls automatic adjustments to fan speed according to the user's environmental noise level to provide optimal performance.
