S-Series All-in-one Soundbar S61D

Compact Soundbar to fill your space

Make home entertainment stylish, with this soundbars Premium Lifestyle Design. Finished in white textile, its all-in-one form includes two horn speakers for 5.0ch surround sound which comes to life without the need for a separate subwoofer, and a centre speaker for clear, crisp dialogue.

Premium Lifestyle Design

Sound with a touch of style

A sound system designed to complement your style. The texture and its timeless curved design can blend seamlessly into your space while still creating exceptional room-filling sound.

Wireless True Dolby Atmos & DTS Virtual:X

Incredible Sound Experience

Be surrounded by the cinematic sound of True Dolby ATMOS & DTS:X audio. With dedicated multi-directional speakers, that makes surround sound come to life.

Samsung Q-Symphony

Play your TV and Soundbar speakers together

Unlock a new level of surround sound by pairing your compatible Samsung TV and soundbar, for a sound experience orchestrated in harmony. Upgraded Q-Symphony provides the ultimate sound synergy, with AI-optimised audio flowing through all channels.

SpaceFit Sound Pro

Sound and bass tailored for your space

SpaceFit Sound Pro enables you to enjoy optimal sound and bass. With heightened clarity tailored to your viewing environments, it analyses room reverberations solely from your soundbar and subwoofer.

Built-in Centre Speaker

Hear it with clarity

A dedicated centre speaker helps ensure voice clarity by focusing on the centre of the stereo field where most speech usually occurs in films and TV shows, to help you get crystal clear dialogue.

HDMI eARC Connection

Your favourite content in amazing quality

A single cable connection seamlessly passes advanced audio such as Dolby Atmos from compatible TV-connected devices like gaming consoles and 4K players, through to your Soundbar.

Adaptive Sound with Active Voice Amplifier

Sound that adjusts to your surroundings & content

Adaptive Sound technology with Active Voice Amplifier, intelligently optimises your sound, volume and clarity in real-time based on ambient noise levels and the content you're watching, so you rarely miss a word.

Music Mode

Music fine-tuned for every genre

Make your Soundbar the music system of your home and take your audio quality to the next level. Music Mode recognises and optimises for the genre of music being played.

Wireless Surround Sound Ready

Evolve your audio

Enhance your sound experience with an optional wireless rear speaker kit such as SWA-9200S which lets you expand your sound system to deliver true surround sound.

Works with Amazon Alexa, Apple Airplay, Google Home and more.

Stream the content you love and control it with your voice

Control your Soundbar with your voice by using the built-in Alexa feature or a Google Home device. You can also use Chromecast built-in or Apple Airplay for streaming audio content such as your favourite music or podcasts.

Tap Sound

Music from your mobile in a tap

Just tap your compatible phone against the Soundbar to mirror and enjoy your favourite music in surround sound.

Wall Mount Kit Included

Wall mount for a seamless setup

You won't need an extra pair of hands to set up your Soundbar. The included Mounting Kit makes it easy. So whether you want to hang your Soundbar on the wall or neatly underneath your TV, you'll be able to create the perfect entertainment setup.

SmartThings App

Compatible with SmartThings App

Connect your Soundbar to the SmartThings App via Wi-Fi to easily control sound settings, access the voice assistant and music streaming features, all from your compatible mobile device.

Wireless Connection with TV

Connect without clutter

Connect your Soundbar to your Samsung TV with Wi-Fi or Bluetooth in just a few steps. Audio and video sync for immersive viewing.

One Remote Control

Control your Soundbar via TV remote

Streamline control of your Soundbar using your compatible Samsung TV remote so you only need
