diameter of 495 mm or 598 mm. They will perfectly suit rooms of 10-20 m² and 20-30 m² respectively..

Create appropriate mood

With Arwen C series lamp, you can create a unique atmosphere in any situation. Choose from 16 million light colors and adjust the color temperature from 2700K-6500K. You can also adjust the brightness. Family celebration, holiday dinner, romantic supper, evening relaxation with your favorite book or a party with friends - with Yeelight you can create a fantastic atmosphere for all these occasions and many others!

Unlimited control possibilities

You can control the lamp the way you want. The Yeelight app lets you remotely turn the light on and off, set its parameters, and create scenes and schedules. Want to operate Arwen C with voice commands? This is also possible - the product is compatible with Google Assistant, Amazon Alexa, and Samsung SmartThings. It doesn't stop there! You can also conveniently control the lamp with a special Yeelight remote control and a wireless Smart Dimmer switch.

Fall asleep in the moonlight

The device is perfect for a bedroom or a child's room. It supports a special moonlight mode that will satisfy the needs of anyone who does not like to fall asleep in total darkness. Working in this mode, the lamp emits a gentle light with ultra-low brightness. It is good for relaxation, does not hurt or tire the eyes. The pleasant moonlight will help you calm down and sleep peacefully.

Rediscover the beauty of colors

This is not the end of the advantages of Yeelight Arwen C Series. The lamp generates eye-friendly light. It also has a high color rendering index of Ra 90. What does that mean? In its light colors look almost the same as they would look in natural sunlight. With Arwen C, you'll enjoy the beautiful, vivid colors of a variety of objects all over again.

Designed for your comfort

The lamp is also characterized by a simple, elegant, yet practical design. The round shape and white color make it fit perfectly into any arrangement. Thanks to a carefully thought-out design, small insects and dust do not get inside the device - so keeping it clean is fabulously easy. Installation of the lamp also turns out to be trouble-free - quick-change holders allow you to quickly and stably attach it to the chosen location.
