Superior Mesh WiFi. Everywhere.

Whole Home Powerline Mesh WiFi System AX3000 + G1500

Combines G.hn Powerline + WiFi 6

Signal Through Walls and Floors

Deco PX50 combines dual-band WiFi and G.hn Powerline to transmit data between Deco units. Powerline technology uses your home's electrical wiring to create a stronger connection between Deco units, reducing the impact of walls, floors, and other obstacles on signals.

G.hn Powerline

Ideal for Overcoming Thick Walls

With the next-gen G.hn standard, PX50 provides the ideal solution for homes with thick or metal-

reinforced walls that interfere with WiFi backhauls.

Dual-Band WiFi 6 Mesh

Ideal for Non-Stop Entertainments

Armed with WiFi 6 technology, Deco whole home mesh WiFi is designed to deliver a huge boost in coverage, speed, and total capacity. Get on the latest mesh WiFi to enjoy the future network that loads faster and connects more.

Superfast. No Lag.

WiFi + Powerline Hybrid Bandwidth

Powerline and wireless connections work together to transmit data between Deco units. PX50 delivers phenomenal speeds compared with traditional mesh WiFi.

Far-Reaching WiFi Coverage

To blanket your entire home with WiFi, Deco PX50 units work together as a powerful mesh network to boost broader coverage for connections in every corner.

Want more coverage? Simply add another Deco. All TP-Link Deco can work together.

Engineered for

More Devices

Deco products are aimed to dramatically improve capacity and efficiency in traffic-dense environments. No matter how many screens or devices are on at once, everyone is able to enjoy a more efficient network that loads faster without dragging down performance.

Intelligent Networking for a Smarter Home

Deco uses its custom algorithms to automate the connections on your network, ensuring the strongest possible signals at all times.

Seamless Roaming with One Wi-Fi Name

TP-Link Mesh means Deco units work together to form one unified network. Your phone or tablet automatically connects to the fastest Deco as you move through your home, creating a truly seamless WiFi experience.

Protect Your Network and Everything on It
