R4,523

The 40HA1205E is a Full HD LED TV with exceptional picture quality.

With 3 HDMI ports, you can connect to your Satellite box, games console, Blu-Ray player or any other HDMI equipped device. The USB port allows you to enjoy your music, movies or photos from a USB memory key.

Full HD Resolution

Full HD gives you images with high clarity with a resolution of 1920 x 1080 pixels. A special viewing experience that you don't have to do without, even for older films and series. As the built-in image upscaler technology optimises the display of such content in Full HD. Making it fun to watch the old classics again.

HDMI Inputs

Plug it in, ready, go: with HDMI inputs you can connect all kinds of devices –Blu-ray or DVD players, streaming boxes, digital receivers or game consoles. Now films, music and games are available on

your TV.

HEVC/h.265

Future inclusive: with this very latest video codec, you're ready for the broadcasting standards of tomorrow today. And when the action starts, you'll be in on the action with your Sharp TV right from the start.

Dolby Digital/Dolby Digital Plus

Everyone is familiar with the terms, and behind them are audio codes for transmitting sound. Dolby Digital can provide sound with 5 channels and subwoofer. With Dolby Digital Plus, two additional channels refine the sound by adding more detail and creating an impressive surround sound.
