

Lindy 1m C5 to C14 Mains Cable, lead free

Model: 30340

Manufacturer: LINDY

EAN: 4002888303408

Product Code: 842051

R640

Lindy Power Cables are high quality, reliable power delivery connections for use in a wide variety of professional and home environments.

The IEC C14 connector fits to many devices with IEC C13 ports and is widely used in the IT-, Audio-, Video- and Event sector. The C5 (Mickey Mouse) connector is ideal for the connection of a notebook power supply.

The brass used in the connectors has a lead content of far below 0.1% and is therefore SVHC-free, as are all other materials used in these cables.

Please note that this cable is for use in dry areas only.

IEC C5 to IEC C14 Mains Cables are available in the following lengths: 1m, 2m, 3m and 5m.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
