

TP-Link Tapo Smart Water Leak Sensor

Model: TAPO T300

Manufacturer: TP-LINK

EAN: 4897098682364

Product Code: 858359

R1,184

Smart Water Leak Sensor

24/7 Drip & Leak Alert

Around-the-Clock Alerts

Featuring 6 high-sensitive probes on the top and bottom, the Tapo Smart Water Leak Sensor detects both water leakage and flooding and alerts you immediately with its 90 dB alarm. It can also trigger the Hub alarm for additional audible alert coverage. Now you can intervene immediately and prevent worse water damage.

Monitor Water Leakage from Anywhere

Receive an instant app notification when a leak happens or the batteries run low. Find out even while away from home.

Versatile Usages, Flexible Placement

Designed small and stylish to fit in most places. Hang the sensor with its lanyard, mount to the wall

with adhesives, or attach to metallic surfaces with magnets (all included).

Make a Visible Alarm

Create a Smart Action in the Tapo app to connect your smart lighting with the Tapo Smart Water Leak Sensor. Get a visual alert from your smart bulb before disaster strikes.

IP67 Waterproof

Designed with an IP67 waterproof and dustproof rating, the sensor is ideal for humid and dusty environments with a long service life.

Long - Lasting Performance

With two replaceable AAA batteries, the sensor can last up to 1.5 years while coordinating with 24/7 Tapo Hub alarms. Consumes less energy and lasts more than 2 years when working independently.
