Track the motion with 360° horizontal & 130° vertical viewing range, or turn on the patrol mode to keep the camera cruising among multiple customised points.

Multiple AI Detection for All Scenarios

Smart AI identifies people, pets, and vehicles and detects tampering and line crossing. It sends alerts only when necessary, ensuring you receive precise notifications about events as they occur.

Dual Mode Flexibility with 4G or PoE

Option 1: Power your camera with a DC adapter and connect internet with 4G SIM card.

Option 2: Power your camera with Ethernet cable featuring PoE technology for safe power and stable internet, bypassing complex wiring and electrician calls.

Designed to Resist Harsh Weather

With IP66 weatherproofing, TC40GW offers excellent waterproof and dustproof performance for outdoor scenarios. It works well in rain, dust, and heat, operating reliably in different environments.

Sound and Light Alarm

Deter unwelcomed intruders with customisable audio and tailor the intensity of the dual spotlights for fine-tuned illumination.

24/7 Secure Local Recording & Cloud Storage

Save all your important moments to a microSD card¹ (up to 512 GB) or subscribe to Tapo Care² for cloud service after a free trial.
