R1,248

Secure your iPad® (9th, 8th, and 7th gen.) 10.2-inch in strong, military-grade drop protection* and antimicrobial protection.** Engineered to withstand sudden drops and accidental slips, the Targus® SafePort® Antimicrobial Back Cover features a two-piece, custom-fit shell specifically for the iPad 10.2-inch to secure a snug, safe fit. Precision cutouts give full access to controls, port, and camera, while the integrated stylus holder conveniently stores your Apple Pencil®. It was designed with a thin profile to easily slip in and out of your bag or briefcase, and has a polished, transparent back to display your iPad colour of choice.

For an added benefit, this tablet cover features Targus DefenseGuard™ Antimicrobial Protection, which creates a cleaner surface and works continuously to help prevent the growth of micro-organisms.** Unlike topically applied sprays, Targus DefenseGuard products are infused with an antimicrobial protection that does not wear off and lasts for the life of the product. Altogether, the
