R1,701

This is a USB-C to DisplayPort, HDMI, DVI and VGA Adapter. It allows you to transmit signals from a Type-C source to a high definition DisplayPort or HDMI or DVI or VGA display (TV sets, projectors, etc). It can work on the USB-C host which supports DP Alt Mode. With this product, you can watch videos or slideshows together on the big screen.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
