R855

CAT5e Flat cables are perfect for installations where you need to save space in IT Racks and Cabinets. They are also very ideal to be laid behind baseboards to be laid under carpets or other floors. All the cables are tested up to 100Mhz (CAT5e standard) and are backwards compatible with CAT5 cables.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
