R4,544

Wall Mount Arm

Easily change to a variety of viewing angles with the AG Neovo WMA-01 wall mount arm for small- to medium-sized displays.

Effortlessly adjust display angles and change arm directions for sharing on-screen images ergonomically with the WMA-01 wall mount arm. Rugged and ergonomic construction design as well as smart cable management suit the needs of multi-user environments in both function and durability. Compatible with VESA standard, it supports small- to medium-sized displays weighing up to 25 kg.
