

Microconnect MC-DP-KVM202K not categorized

Model: MC-DP-KVM202K

Manufacturer: MICRO CONNECT

EAN: 5715063688250

Product Code: 866599

R2,823

This MicroConnect KVM switch is designed to let you control two desktop computers using a single set of peripherals (monitor, keyboard, and mouse). It supports high-resolution displays (up to 8K@60Hz), fast data transfer via USB 3.0, and easy switching between devices with a one-click button or wired remote. Ideal for streamlining multi-computer setups without clutter.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
