

Ultimea Skywave X40 Soundbar

Model: U4124

Manufacturer: ULTIMEA

EAN: 4262533460270

Product Code: 867813

R8,619

Ultimea Skywave X40 Soundbar

The Ultimea Skywave X40 is an advanced soundbar that delivers a full cinematic experience with surround sound from all sides. The system uses NEURACORE™ intelligent processing, wireless rear speakers, and a powerful subwoofer to deliver dynamic, clear sound and deep bass. Powerful output, GaN amplification, stable transmission and low latency, and 4K HDR Passthrough support make the Skywave X40 the perfect equipment for creating a unique home theater. The whole thing is complemented by convenient control via remote control and the Ultimea app, Bluetooth connectivity, and wide compatibility with TVs and audio sources.

Cinema in your living room

The 5.1.2 configuration with Dolby Atmos surrounds you with sound from every direction and above, creating a realistic, three-dimensional audio scene. The system features two upward-facing speakers integrated into the main bar, two wireless rear surround speakers, and a powerful 6.5-inch

subwoofer. This layout allows you to fully exploit the potential of Dolby Atmos 5.1.2, delivering clear spatial effects, precise dialogue, and dynamic sound transitions—exactly as the filmmakers and TV series creators intended.

Technology that impresses

At the heart of the system is proprietary NEURACORE™ Neural-Level Processing technology, supported by a triple-core DSP and a dual-core MCU with 2000 MIPS of processing power. This advanced multi-channel processing is responsible for extremely clear, detailed, and immersive sound, regardless of the source – from movies and games to sports broadcasts and music.

Deep bass that fills any room

The included 6.5" dual magnet subwoofer with precise aerodynamic tuning goes down to 35 Hz for deep bass. Gravus Ultra-Linear Bass technology ensures linear cone movement even at high volume levels, so low frequencies remain clear, distortion-free, and incredibly impressive.

Powerful performance in a stable form

The use of GaN amplification technology has achieved a peak power of 530 W while reducing heat emissions by 40-50% compared to traditional silicon solutions. This translates into safer, more stable system operation even during long sessions at high volume.

Wireless freedom without delays

The proprietary CineMesh True Wireless technology uses dual 5G bandwidth for audio transmission, minimizing interference and the risk of sound interruptions. Ultra-low latency of less than 20 ms ensures that the image and sound are perfectly synchronized, which you will appreciate especially when watching action movies and playing console games.

Ready for 4K HDR

The Skywave X40 supports 4K HDR Passthrough, so it doesn't compromise image quality and fits perfectly into modern home theater systems. The system offers wide connection compatibility,

including HDMI eARC to TV, HDMI IN, optical input, USB, and DC input, ensuring easy integration with a variety of devices.

Full control over your equipment

The improved remote control provides intuitive and quick operation, and the dedicated Utimea app allows you to control the sound settings directly from your smartphone. Wireless Bluetooth 5.4 connectivity offers convenient music playback from mobile devices, making the system a versatile home entertainment center.

Included

- subwoofer
- soundbar
- speakers x2
- soundbar power adapter
- HDMI cable
- 3.5mm to RCA stereo cable
- subwoofer power cable
- speaker power adapter x2
- remote control
- mounting screws x12
- wall mount brackets x6
- wall mount screws x6
- user manual

Manufacturer	Utimea
Model	Skywave X40
Dolby Atmos support	Yes
Speakers	MainBar: 2.25" x 4 + 2.25" x 2, surround speakers: 2.25" x 2, subwoofer: 6.5" x 1

Frequency range	35 Hz – 20 kHz
Distortion	1%
Speaker channels	5.1.2
Remote control type	Infrared signal
Maximum sound pressure level	>98 dB
Total number of speakers	8
Listening modes (EQ)	Standard / Cinema / Music / Voice / Game / Night
Signal-to-noise ratio	275 dB
Connectivity	HDMI eARC, optical input, wired surround speakers x2, USB
Bluetooth	Version 5.4
Power supply	Soundbar: 18V 3A, subwoofer 24V 3A, surround speakers 18V 1.5A
Dimensions	Soundbar: 1100 x 100 x 70 mm, surround speakers: 85 x 85 x 170 mm, subwoofer: 220 x 295 x 295 mm
Soundbar weight	9.45 kg
Application	Utimea
