R10,691

Ultimea Poseidon E40 Projector

The Ultimea Poseidon E40 is a versatile, portable projector that combines high brightness, wide image, and short projection distance with smart automatic settings such as autofocus, 6D keystone correction, and automatic screen adjustment. Android TV 11 with access to thousands of apps, HDR10, HLG, and Dolby Audio support, Google Assistant compatibility, and low latency of less than 15 ms make it ideal for both movies and dynamic entertainment. The elegant, minimalist form, built-in handle, and fully enclosed optical system make the Poseidon E40 a mobile cinema that will fit into any space without compromise.

Image full of details

Support for HDR10 and HLG standards allows for better image detail and more balanced contrast. With a brightness of 1000 ANSI lumens, the projector provides a clear, legible image that impresses when watching movies, TV series, or broadcasts. The 1.23:1 projection ratio allows you to get a larger image from a shorter distance. The projector can display a screen size of up to 150 inches,

allowing you to create an impressive home theater without the need for a large space.

Image automation and low latency

The Poseidon E40 is a smart projector equipped with advanced automatic algorithms. Features such as 2-second autofocus, automatic screen adjustment, obstacle avoidance, and 6-axis keystone correction (6D keystone) make image configuration quick and effortless. With a low signal delay of less than 15 ms, the Poseidon E40 also performs well in more dynamic applications, offering smooth and responsive projection.

Your personal entertainment center

Android TV 11.0 gives you access to over 10,000 apps and streaming platforms, offering complete freedom of content choice. Google Assistant support allows you to control the projector and search for content using your voice, without reaching for the remote control. Dolby Audio support guarantees clear, crisp sound that complements the image and allows you to fully immerse yourself in the content you are watching. This solution is designed for a consistent, cinematic audio-visual experience.

A cinema you can take with you anywhere

The Ultimea Poseidon E40 projector is designed for complete freedom of use. The versatile base with a handle allows you to adjust the projection angle within a wide range from 10° to 40°, so you can easily adjust the image to any space – your living room, bedroom, or improvised home theater. The built-in handle allows you to move your cinema exactly where you want it, and the fully enclosed optical system increases the durability of the construction and supports stable image quality in everyday use.

Included

- projector
- remote control (batteries not included)
- HDMI cable
- power adapter
