

InLine Clip Case - Magnetic USB- C enclosure for SATA III & NVMe M.2 SSDs

Model: 00031M

Manufacturer: INLINE

EAN: 4043718334407

Product Code: 870442

R1,593

Magnetic SSD enclosure for PCIe NVMe & SATA III M.2 2230 SSDs with up to **2 TB capacity**

High-quality aluminum enclosure with passive cooling and shockproof design for reliable professional use

USB-C 3.2 Gen2 interface with up to **10 Gb/s data transfer rate**- ideal for large media files

Tool-free installation for quick SSD changes directly in the field or at the customer

Perfect for drone recording, content creation in the field, hybrid workflows, service operations, data migration and media productions

The InLine® Clip Case is the professional storage solution for demanding applications in IT, media production, service operations and hybrid work environments. As a magnetic USB-C SSD enclosure for PCIe NVMe and SATA III M.2 2230 SSDs, it impresses with its high performance, robust design and maximum flexibility.

With a maximum storage capacity of 2 TB, the clip case offers sufficient space for large amounts of data such as 4K video material, software installations or project files. The USB 3.2 Gen2 interface enables transfer speeds of up to 10 Gb/s - ideal for professional users who rely on fast access times and short backup times.

The shockproof all-aluminum housing reliably protects sensitive data on the go and, in combination with passive cooling, ensures stable and sustainable use - even under intensive workloads. The magnetic back with 17 integrated magnets enables secure attachment to compatible devices. Thanks to tool-free installation and plug & play, the clip case is ready for immediate use - without drivers or additional software. Storage media can be replaced in seconds if required - a particular advantage for service calls, system migrations or project work on site.

The integrated Realtek RTL9210B chipset ensures stable transmissions and optimum compatibility. All common operating systems are supported - from Windows and macOS to Linux and Android. An OTG adapter is required for iPhones from model series 12 onwards.

The InLine® Clip Case offers a professional solution for mobile memory expansion - compact, powerful and reliable in everyday use. Perfect for **content creation in the field**(e.g. backing up drone footage directly to the SSD), **service operations and data migration**(e.g. quick access to system data, backups or installation files) and **media production**(e.g. editing and backing up large files without blocking internal storage).

Technical specifications

Chip: Realtek RTL9210B

Data transfer rate: 10 Gb/s

Supports PCIe Gen3 x2, NVMe, AHCI SATA M.2 2230

Supported SSD types: M-Key & M+B Key

Material: aluminum

Dimensions: 61.8 × 61.8 × 13 mm

Weight: 85 g

Operating temperature: 0 °C to +40 °C

Compatible operating systems: Windows 8/10 (32/64 bit), macOS 10.X+, Linux, Android
