SAY HELLO

Introducing the PanaCast U30

Deliver a better BYOD experience with a compact video conferencing bar featuring onboarding wallpaper, single USB-C connection, and premium Jabra audio and video.

Why you'll love Jabra PanaCast U30

Better BYOD experience

No more black screens. Onboarding wallpaper guides users on how to get started. One USB-C cable connects your device to the bar - reducing confusion and wasted meeting time.

Plug-and-play simplicity

Once installed, users simply connect and launch meetings on the platform of their choice. No controller. No unnecessary complexity.

Wide-angle premium video

A single wide-angle camera ensures everyone in the room is clearly visible, even in compact spaces.

Outstanding audio

Six microphones and a powerful speaker deliver full-duplex, room-filling sound for natural conversations.

Easy to deploy

Wall mount included. VESA and table stand options available. Intuitive cable routing and integrated mount for easy, tidy installation.

Easy to manage

Remote management and updates via Jabra Plus. Local updates also available.

Recommended Accessory

Ideal for meeting rooms where the laptop is placed further away from the video bar, this active 5M USB-C cable ensures a tidy setup without compromising the quality of the BYOD experience.

Works with your meeting platform

Start the meeting from your device as usual, with the convenience of using a familiar interface. Works with Microsoft Teams and Zoom.

Jabra Services

Tailored services for a seamless workday

Make hybrid working a success with Jabra's complete range of services

AI-powered meeting experiences

Advanced video technologies deliver a natural meeting experience.

Premium wide-angle lens

Provides full-room visibility in compact spaces, ensuring everyone is clearly seen.

Get rooms ready fast

Simple in-box set up, intuitive cabling, and flexible mounting options.
