

EMEET OfficeCore Luna Plus Kit Conference System

Model: E1107

Manufacturer: EMEET

EAN: 6971337722603

Product Code: 871225

R2,522

EMEET OfficeCore Luna Plus Kit Conference System

The EMEET OfficeCore Luna Plus Kit is a comprehensive solution for conducting online meetings, combining up to 8 built-in microphones and an additional external microphone to provide 360° sound pickup and a range of up to approximately 5 meters. The system supports up to 14 participants in a standard configuration, and thanks to the ability to daisy-chain devices, up to 25 people. With 5 W of power, a 2600 mAh battery offering up to 10 hours of operation, and connectivity via USB, Bluetooth, and a USB adapter, it is a versatile tool for any conference room.

Crystal-clear communication with VoicelA

Call quality is ensured by the advanced VoicelA algorithm, which optimizes audio in real time. This technology effectively reduces noise and echo while enabling full-duplex communication, which means uninterrupted conversation without overlapping voices. Thanks to Voice Enhancement and Noise Cancellation features, every statement is clear and natural regardless of the room's acoustic conditions.

Flexible Range Extension - Daisy Chain

The system can be easily expanded using the daisy chain function. By connecting additional EMEET devices and extension microphones, it is possible to cover larger conference spaces. A configuration with two Luna Plus units and additional microphones can accommodate meetings with up to 25 participants, making the kit an ideal choice for medium and large rooms.

Stable connection and quick setup

The EMEET OfficeCore Luna Plus Kit offers various connection methods—wired USB-C, Bluetooth 5.3, and a 3.5 mm jack. The included USB A350 Bluetooth adapter ensures fast pairing, low latency, and stable real-time audio transmission. A Bluetooth range of up to 20 m allows you to use the device freely without having to sit right next to your computer.

Long battery life

The built-in 2600 mAh lithium-ion battery enables up to 10 hours of continuous talk time, allowing the device to easily handle even all-day meetings. Low power consumption of 1.25 W and a 5 V / 1 A power supply ensure efficient and stable operation without frequent charging.

Wide compatibility and convenient management

The system works with the most popular conferencing platforms, such as Zoom, Microsoft Teams, Skype, Webex, and Google Hangouts. It is compatible with Windows, macOS, Linux, Android, and iOS. Additionally, support for the EMEETLINK software allows for firmware updates and the adjustment of settings such as microphone level and Bluetooth parameters, giving you full control over the device's operation.

Included in the set:

- Conference speaker
- Extension microphone (1.4 m cable)
- USB C-A adapter
- USB Bluetooth adapter
- USB-C to USB-C cable (1 m)
- User manual
- Extension microphone manual
- Safety manual

Manufacturer	EMEET
Model	E1107
Microphone array	8 directional microphones + 1 extension microphone
Microphone type	MEMS
Microphone frequency response	100 Hz - 10 kHz
Voice pickup range	Up to approx. 5 m
Microphone technologies	360° voice pickup, Full Duplex, Noise Cancellation, Voice Enhancement
Peak audio output	89 dB @ 0.5 m
Maximum input power	5 W
Frequency response	20 Hz - 20 kHz (±3 dB)
Signal-to-noise ratio (SNR)	> 75 dB
Connection method	USB-C cable, Bluetooth 5.3, 3.5 mm jack
Cable type	USB-C to USB-C, 1 m (with USB-A adapter)
Bluetooth version	Bluetooth 5.3
Bluetooth range	Up to 20 m
Supported Bluetooth profiles	A2DP, AVRCP, HFR profiles, SBC codec
