Thorough Cleaning Process

180° Lie-Flat Reach Conquers Stains Under Beds and Sofas

H12 Pro FlexReach fully reclines to 180° to hug the floors. Thanks to the omni wheel on the back, you can easily swivel left and right when you lay the vacuum flat. This low-profile wheel keeps the surface scratch-free and saves you from lifting, reducing fatigue.

Lower Spaces, Uncompromised Suction

The used water tank securely holds the dirty water, preventing damage to the main motor and thus allowing H12 Pro FlexReach to maintain up to 18,000Pa suction power even when cleaning under beds and sofas.

Actual Fresh Water Cleaning System

H12 Pro FlexReach rinses its brush with fresh water in every pass.

Unmatched 18,000Pa Suction for Wet & Dry Cleaning

No mess is too tough, from spaghetti and coffee beans to spills. H12 Pro FlexReach boasts an impressive 18,000Pa* suction power that deals with various types of mess, wet or dry, surface or ground-in.

TangleCut™ Leaves 0 Tangles Behind

The TangleCut™ comb-tooth resilient scraper features sharp blades that effortlessly sever fur and long hair, preventing brush clogs and saving you the hassle of manual detangling.

Hard-to-Reach Areas Made More Accessible

The dual-edge, full-length brush fits snugly against challenging spaces, ensuring a seamless clean without the need

Minimises Water Streaks to 0.2g

Compared to conventional mopping, the H12 Pro FlexReach leaves barely any water residue to protect your floors.

Hot-Refresh the Brush to Keep It Dry and Fluffy

A 90°C hot wash is followed by fast, high-temp drying to help prevent odours and bacterial growth, so the brush resistant

Dual Rotating Brush Easily Detangles Hair
