Uperfect Z14-3S M140G12 14" 2240x1400 60Hz portable monitor

The Uperfect Z14-3S M140G12 is a 14" portable monitor that, thanks to its 2240×1400 resolution and 16:10 aspect ratio, provides a very clear, well-organized workspace measuring approximately 301.5 × 188.5 mm. The compact format makes it easy to use the additional screen when traveling, at university, at work, or at home, while offering enough space to comfortably display documents, applications, or movies.

Clear image with wide viewing angles

The IPS panel offers a full 178° viewing angle, allowing you to maintain stable colors and contrast regardless of your position. The matte screen surface improves readability in various lighting —

conditions, while the high brightness of 300 cd/m² and 1200:1 contrast ratio ensure clear detail reproduction in almost any conditions.

Precise color reproduction in 16:10 aspect ratio

The monitor reproduces 16.7 million colors (8-bit), offering 77% NTSC and 100% sRGB coverage. As a result, it performs well when displaying a variety of content - whether for office work or applications, or when watching video. In addition, the 16:10 aspect ratio makes it easy to view documents.

Connectivity adapted to mobile devices

The Z14-3S is equipped with two USB-C ports that support audio and video, so you can connect it directly to multiple mobile devices and laptops. Two additional USB-C ports serve as power inputs, allowing you to flexibly organize your workstation. You also have two mini HDMI inputs for video transfer.

Low power consumption and simple operation

The monitor features a power output of just 8 watts, making it ideal for mobile work where energy efficiency matters. Operation is made easy with three OSD keys for quick settings management.

Included

- Monitor
- 2x mini HDMI cable (1080p)
- 2x U-C cable (3.0)
- 2x C-C cable
- User manual
