

2in1 Diagnostic Scanner OBD2 and Battery Tester Ancel AD410 PRO

Model: AD410 PRO

Manufacturer: ANCEL

EAN: 5906168432965

Product Code: 873939

R1,837

OBD2 scanner and battery tester 2-in-1 Ancel AD410 PRO

Ancel AD410 PRO is an advanced diagnostic tool, combining the functions of OBD2 scanner and battery tester in one device. Thanks to its wide range of functions, this device enables comprehensive vehicle diagnostics, both for the condition of the battery and the engine system. The ideal solution for mechanics and vehicle owners who want to have full control over the technical condition of their cars.

Full functionality

The Ancel AD410 PRO offers a full range of OBD2 functions, including reading and clearing fault codes, checking check engine light status, monitoring live data, and testing O2 sensors and the EVAP

system. In addition, the device allows for I/M readiness testing, which is essential for emissions inspections. This allows the AD410 PRO to quickly identify problems and solve them effectively.

Advanced battery testing

The Ancel AD410 PRO is equipped with advanced battery testing functions, including battery test, start test and charge test. These functions allow you to assess the battery's state of charge, starting capacity and charging system performance. This makes it easy for you to monitor your battery's condition and prevent failures.

Intuitive interface and display

The Ancel AD410 PRO has a 2.4-inch color LCD display and an intuitive interface, making it easy to navigate and read test results. Clear menus and easy-to-read icons make using the device simple and convenient, even for those without advanced technical knowledge.

Included:

- OBD2 scanner/battery tester
- USB cable
- User manual

Manufacturer	Ancel
Model	AD410 Pro
