

Ancel BZ700 OBD2 diagnostic scanner

Model: BZ700

Manufacturer: ANCEL

EAN: 602938441797

Product Code: 873942

R2,791

Ancel BZ700 OBD2 Diagnostic Scanner

The Ancel BZ700 is a comprehensive OBD2 diagnostic scanner designed for Mercedes-Benz, Sprinter, and Smart car owners with a 16-pin interface. The device also supports other vehicle brands (from 1996 onwards), but its strongest point is its comprehensive support for systems used in Daimler Group vehicles. The device is suitable for use in a workshop or for diagnosing your own car.

Full system diagnostics

The BZ700 allows you to read and clear errors from all major vehicle systems: engine, transmission, ABS, SRS, TPMS, DPF, lighting system, fuel system, and braking system. This allows you to detect the source of the problem quickly and accurately, without having to visit a service center. The device also offers special functions such as oil inspection reset, transmission adaptation, and ABS bleeding.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Service modes and functions for diesel engines

The BZ700 offers over 10 service functions, including injector coding, AdBlue system reset, fuel pump activation, and DPF filter regeneration. It is the perfect solution for Mercedes-Benz diesel users who want to avoid costly visits to authorized service centers. In addition, the device allows battery registration (BMS reset), EPB reset, and ETC.

Intuitive operation and multilingual menu

Thanks to the backlit 2.8-inch LCD screen and clear interface, the device is quick and convenient to use. The built-in VIN recognition system (Auto VIN) allows for instant vehicle detection, which speeds up the entire diagnostic process. The menu is available in 10 languages, including Polish, English, German, French, and Russian.

Free updates

The Ancel BZ700 scanner does not require a subscription or additional fees for updates – all updates are available for life and free of charge. This ensures that the device will remain compatible with new vehicle models and software.
