R2,648

Tomtoc Navigator-T66 Liteway Travel Backpack (Light Gray)

The Tomtoc Navigator-T66 Liteway is a lightweight 28-liter travel backpack, ideal for 2-3 day trips. It corresponds to the size of a 17" cabin suitcase and fits in the overhead compartments of most airplanes. It is particularly suitable for people under 175 cm tall.

Functional interior layout

The backpack opens flat (180°), making packing and TSA security checks easy. Inside, you'll find elastic dividers, mesh pockets, and a separate compartment for a laptop up to 16". The double opening allows access from both sides, and the whole thing is designed to easily fit clothes, toiletries, shoes, and electronics.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Comfort and accessibility

With a chest strap, side and top handles, and a strap for attaching to a suitcase, you can carry the backpack in a way that is comfortable for you. Two side pockets can hold a bottle or umbrella, and the top pocket provides quick access to your phone, documents, or passport. The YKK zipper is designed to be padlocked (not included).

Sturdy, lightweight construction

The backpack weighs only 950 g and its construction combines durable, abrasion-resistant 1680D material with lightweight 400D Ripstop polyester. This makes it durable, wear-resistant, and comfortable to carry for long periods of time. It's the perfect combination of functionality and compact design for air travel, train travel, or everyday use.
