Tomtoc Navigator-T66 Liteway Travel Backpack, 16"/40L (Gray)

The Tomtoc Navigator-T66 Liteway is a 40L travel backpack designed for 3-5 day trips and air travel. Its design corresponds to the size of a 20" carry-on suitcase. The product is made of lightweight 400D Ripstop fabric and reinforced, abrasion-resistant 1680D polyester, which provides a good balance between low weight and durability. The compression feature allows you to reduce the volume of the backpack when it is not fully packed, so it retains its slim shape with a lighter load.

Thoughtful space organization

The 40L capacity has been optimized for short trips, offering space comparable to a 20" carry-on suitcase. The main compartment can hold clothes and larger items, while the front pocket is suitable

for storing documents, notebooks, and everyday accessories. At the top, there is a quick-access pocket, ideal for your passport, tickets, sunglasses, or headphones, allowing you to reach for the most necessary items without opening the entire bag.

Perfect for air travel

The backpack fits easily into overhead compartments on airplanes, eliminating the need for additional baggage. In addition, the thoughtful design allows the backpack to open flat at a 180° angle, making airport security checks easier and faster, while providing convenient access to your essentials.

Flexibility and comfort

The Navigator-T66 Liteway adapts to the user's current needs. The compression system allows you to reduce the volume of the backpack when it is only partially packed, which improves stability and comfort. Two side pockets allow for convenient carrying of a water bottle or umbrella, while the chest strap and suitcase handle strap make it easy to move around airports and train stations.

Refined in every detail

The use of 400D Ripstop fabric ensures lightness and tear resistance, while 1680D polyester elements protect critical areas from abrasion. YKK® zippers are designed to be secured with a padlock (not included), which increases the security of the contents when traveling and in crowded places.
