

NATEC Wireless mouse Harrier 2 1600DPI Bluetooth 5.1 black

Model: NMY-1960

Manufacturer: NATEC

EAN: 5901969436457

Product Code: 874847

R718

The Natec Harrier 2 mouse offers a seamless wireless experience with its Bluetooth 5.1 connectivity. Designed for performance, it features a maximum operating distance of 10 m, allowing users the freedom to navigate without being tethered to their devices. The mouse is equipped with 4 buttons and has the capability for real-time sensitivity switching between 800, 1200, and 1600 DPI, providing precision control for varied tasks. The optical movement detection technology ensures smooth tracking on a variety of surfaces, enhancing productivity whether at home, in the office, or on-the-go. Additionally, the AA type battery form factor contributes to easy replacement, ensuring uninterrupted usage. An on/off switch helps extend battery life, while the Plug-and-Play compliance ensures that setup is hassle-free. The Harrier 2 is designed for users who require reliability and efficiency in their wireless input devices, making it a solid choice for those who value performance and convenience.
