Navigator-T67 Travel Laptop Backpack, 17"/38L (Black)

The Tomtoc Navigator-T67 is a 38L travel backpack designed for 3-5 day trips and air travel. Its dimensions of 52 × 33 × 23 cm correspond to the carry-on luggage format, allowing you to easily take it on board the plane. The backpack's design combines large capacity with an organized interior, making it easy to pack clothes, accessories, and electronic equipment.

Large capacity and logical interior layout

The backpack offers three spacious compartments to help you stay organized while traveling. The main clamshell-style compartment allows you to pack like a suitcase, making it much easier to organize your clothes and larger items of luggage. Additional pockets and compartments allow you

to pack accessories, travel cosmetics, or documents, keeping everything easily accessible and well organized.

Dedicated space for electronics

One of the compartments is designed for electronic equipment and allows you to safely carry a laptop with a diagonal of up to 17.3" and a 13" tablet. Opening this part of the backpack from 90° to 180° streamlines airport security checks and provides quick access to your devices.

Additional pockets

The Navigator-T67 is equipped with several functional pockets that increase the convenience of use when traveling. The top pocket is suitable for storing your wallet, keys, or boarding pass, ensuring quick access to the most necessary items. The front pocket allows you to safely store your phone, passport, or notebook, minimizing the risk of contents falling out. There are also side pockets for carrying a water bottle or small accessories.

Perfect for air travel

The backpack's dimensions meet the carry-on requirements of most international airlines. The combination of large capacity and compact form makes the backpack ideal for both business trips and short private trips.

Durable materials

The backpack is made of durable recycled fabric, which reduces its environmental impact without compromising on durability. The whole thing is complemented by high-quality YKK zippers and Duraflex buckles, which ensure smooth operation and long life even with intensive use.

Carrying comfort

Comfort is ensured by a padded back panel with 3D foam and contoured shoulder straps that distribute the weight evenly. In addition, there is an adjustable chest strap that helps relieve the shoulders during longer periods of carrying. An additional convenience is a strap for attaching the
