

Zalman CNPS9X OPTIMA RGB - processor-k Air cooler 12 cm Black

Model: CNPS9X OPTIMA RGB

Manufacturer: ZALMAN

EAN: 8809213762703

Product Code: 875053

R3,178

Zalman CNPS9X Optima RGB ultra quiet CPU cooler

Ready for Intel 12th generation processors

It is fully compatible with the latest Intel processors and AMD Ryzen. The power management technology for each processor is seamless, so you don't have to worry about compatibility issues.

Automatic RGB LED (15 dots)

120mm RGB fan provides higher cooling efficiency and various customization effects.

DTH technology (Direct Touch Heat pipe)

DTH technology transfers heat from the CPU directly to heat pipes and maximizes cooling performance.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Powerful cooling performance

PWM fan efficiently controls the fan speed based on the temperature of the CPU.

Convenient installation design

Supports convenient user experience.

4ea Heatpipe

TDP is up to 180W, which gives greatly improved heat dissipation performance.

shark fin blade

The shark fin blade reduces noise and vibration while increasing airflow.

Long Life Rifle Bearing

A rifle bearing with low noise and high durability is used to ensure stable use of the product for a long period of time.

Optimal user experience PWM control

PWM automatically adjusts fan speed based on the user's ambient noise level to provide optimal performance.

120mm Automatic RGB LED PWM Fan

15 high lumen RGB LEDs provide different and stunning lighting effects.

Low noise environment of 26 db

A 120mm PWM RGB LED fan is used, providing both powerful cooling performance and a low noise environment of 26 db(A).

Excellent cooling performance

An optimally designed aluminum radiant fin and 4 heat pipes are used to effectively dissipate the heat from the CPU.

Specifications

Model: CNPS9X OPTIMA RGB

Dimensions: 123 x 72 x 156 (H) mm

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

Materials: Pure copper, pure aluminum

Weight: 530g

Heat dissipation area: 6.418 cm²

Heat Pipe: 4

TDP: 180W

Fan dimensions: 120 x 120 x 25 (H) mm

Fan Bearing Type: Rifle Bearing

Fan speed: 600 1,500 RPM $\pm$ 10%

Maximum fan noise level: 26.0dB (A) $\pm$ 10%

Maximum fan airflow 60.89CFM

max. air pressure fan: 1.6 mm H²O

Fan life: 40,000 hours

Fan connector type: 4-pin

Fan Control Method: PWM Control

Rated voltage: 12V DC

Rated current: 0.2A

Power consumption: 2.4 W

Socket Compatibility: Intel LGA 1700/1200/115X CPUs, AMD AM4 CPUs

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
